Here's How It Works

Call **ATA directly** when breakdown occurs.

Mention TSA's authorization code to identify yourself as a TSA member.

ATA will request credit card info and will preauthorize \$1,000 prior to dispatching a service provider.

Upon credit card approval, ATA will dispatch a service provider and manage the call until the equipment is back on the road or delivered for repair.

Within 5 business days, ATA will obtain the service provider (tower) invoice, audit for accuracy and then charge the TSA member for exact charges, which will include a dispatch fee equaling 8% of the invoice with a minimum of \$40.

Call **1-877-968-8785** to talk to a TSA member representative and learn more about how you can start improving your profitability today!
